# SHUBHAM KANASKAR

*Full Stack Developer — Tech Lead*

+919623501027   shubhamkanaskar75@gmail.com

*LinkedIn   GitHub   Portfolio*

## Professional Summary

Tech Lead with 2.3 years of experience specializing in Generative AI applications and multi-vendor e-commerce solutions. Proficient in MERN stack, Firebase, Google Cloud, and React.js. Experienced in developing AI-powered systems, WhatsApp automation tools, and scalable e-commerce platforms.

## Professional Experience

**Deployh.ai**                                                      **04/2024 – Present**
*Tech Lead, Full Stack Developer*                                                *Pune, India*

- Directed technology stack selection for GenAI products, choosing optimal frameworks including Next.js, Firebase, and Google Cloud services
- Architected WhatsApp automation solutions for business process optimization and customer engagement
- Engineered AI-powered web applications with React.js and Redux for state management

**Damsole Technologies**                                            **09/2023 – 03/2024**
*Full Stack Developer*                                                            *Pune, India*

- Developed multi-vendor e-commerce platform using MERN stack, creating vendor management systems and product catalogs
- Implemented secure payment processing and order fulfillment systems for seamless marketplace transactions
- Built responsive React.js interfaces for both customer shopping experiences and vendor dashboards

## Projects

**RepoVibe** | *Next.js, PostgreSQL, Gemini AI*

- Developed GitHub repository discovery platform with advanced filtering and AI-powered issue analysis
- Implemented authentication with BetterAuth and Google OAuth for secure user management

**PDF AI** | *Next.js, Convex DB, Gemini AI*

- Architected PDF analysis platform leveraging Google's Gemini AI for intelligent document processing
- Implemented real-time PDF parsing and intelligent Q&A system with context-aware responses

## Skills

**Frontend:** Next.js, React.js, Tailwind CSS, HTML5, ES6+
**Backend:** Node.js, Express.js
**AI:** GenAI, Prompt Engineering
**Databases:** MongoDB, PostgreSQL, Firebase, Firestore
**Cloud/Storage:** Google Cloud, AWS S3
**Tools:** Git, GitHub, Docker

## Education

**Yashashwi Education Society International Institute of Management**
*Master of Computer Application — **CGPA: 8.0***                                  *Pune, India*
